

Preventing Radicalisation Strategy and Action Plan

Background

Over the last few years, global events have led to a growth of extremist viewpoints, including advocacy of violent extremism. The Footsteps 'Preventing Radicalisation Plan' is part of our commitment to keeping children safe. Since the 'Education and Inspections Act 2006' schools have a duty to promote community cohesion. The Prevent Radicalisation Plan safeguards student's safety, health, and well-being. Footsteps works with the Haringey Prevent team to ensure we are fully aware of such threats and dangers and can respond effectively if required to do so.

Schools have an important part to play in both educating children and young people about extremism and recognising when pupils start to become radicalised. In March 2015, new statutory duties were placed on schools by the Counter Terrorism and Security Act (2015) which means they must work to prevent children being drawn into extremism.

Safeguarding children from all risks of harm is an important part of a school's work and protecting them from extremism is one aspect of that.
